Foes Of Court Facing Cloture, Decide To "Go Down Fighting"

CLOTURE PETITION OPENS WOUND IN DEMOCRATS RANKS

Debate Would Be Limited
by Cloture to an Hour
For Each Senator.

REBUKES RESULT IN BAD FEELING

World Court Forces Aren't
Assured of Necessary
Two-Thirds Vote.

Washington, Jan. 23.—With the world court fight marred by personal passions for the first time, the power of cloture to close debate today was whittled down to a mere formality. The fight over the world court, which has been going on since the treaty was signed last year, has become a personal struggle between the administration and the opposition. The administration, led by President Coolidge, is determined to see the treaty ratified. The opposition, led by Senator Clegg, is determined to see the treaty defeated. The fight has become so bitter that the administration has decided to use cloture to close debate. This will limit the debate to one hour for each senator. The opposition has decided to fight cloture to the bitter end. They believe that the world court is a necessary part of international law and that it should be ratified. They believe that the administration is trying to force the treaty through without proper debate. They believe that the world court will be a great benefit to the world and that it should be ratified.

The world court is a new institution which will settle disputes between nations. It was created by the League of Nations and is now being revived by the United States. DESPERADO TAKEN AFTER GUN FIGHT

Warren Man Captured After
Shooting it Out With
Pittsburg Police.

Pittsburg, Jan. 23.—James Dugan, 34, of Warren, O., and said by police to be a nationally known desperado, was held under guard in the county jail today for trial on charges of highway robbery, carrying concealed weapons and pointing firearms. Dugan surrendered to state police after a six mile running gun battle. After wrecking the car which he told police he stole in Warren, O., the desperado sought shelter behind trees on a farm near Butler and kept up a steady gun fire until his pursuers were exhausted. Then he threw away his pistol and surrendered. The gun battle started when police picked up Dugan's trail after he is alleged to have robbed a garage near Butler.

HELEN WILLS IS VICTOR IN GAME

Population Flees as Quakes Shake Cities

Rome, Jan. 23.—Daily recurring earthquakes in the Mount Amiata region of Siena have driven the inhabitants in the vicinity from their homes. It was reported today. Despite the severe cold the entire population of towns and villages in the mountains have taken to tents and their rude makeshift shelters. As many as 40 quakes a day have been recorded. Although no damage has been reported beyond a fissuring of walls, the inhabitants of the region fear being caught unaware during the night by a quake of serious proportions.

BEVERLY, POSTLE SENTENCED AFTER PLEADING GUILTY

Men Get Pen. Sentences for
Obtaining Money Under
False Pretense.

Lisbon, Jan. 23.—A sentence of from one to three years in the Ohio penitentiary was given W. C. Beverly, alias W. George P. Bradford, and Eugene Postle, both of Cleveland, by Judge E. R. Eastman late Friday afternoon, both men having changed their pleas of not guilty to that of guilty on an indictment found against them by the January grand jury for obtaining money under false pretense.

A second indictment, that of embezzlement, was nolleed by the court. "Have you anything to say why the sentence of the court should not be pronounced, either individually or through your counsel?" asked Judge Eastman.

"We have nothing to say," each responded. "I'd rather sentence you to Sunday school," the court said in a very faltering voice. "It is never an easy task for me to pronounce sentence that takes away the liberty of a person, but under the law I am compelled to sentence you."

"The way of the transgressor is hard. You probably know this. You look like two young men of education, refinement and intelligence, and I trust and hope that when you are released you will become useful citizens. The sentence of the court is that you be confined in the Ohio penitentiary for a term of not less than one year nor more than three years. That is all."

Both Beverly and Postle shook the hand of Prosecuting Attorney Robert M. Brookes and his assistant, John E. Baucknecht, saying as they did so, "Gentlemen, you have done your duty."

SNOW AND COLD DUE NEXT WEEK

Washington, Jan. 23.—Weather outlook for the period January 15 to 29 inclusive: Ohio Valley—A period of rains or snows about the middle and again at the end of the week. Temperatures will average cold for the week. Region of Great Lakes—A period of snows the early part, about the middle and again at the end of the week. Temperatures will average cold for the week.

JAMES R. RAMSEY, PERRY TOWNSHIP TRUSTEE, IS DEAD

Hemorrhages Cause Death
of Widely Known Man
in 80th Year.

SERVED TOWNSHIP FOR THIRTY YEARS

Injured as a Stove Moulder
He Conducted Popcorn
Stand Many Years.

Following a short illness, James R. Ramsey, 80, trustee of Perry township, prominent Salem resident, and one of the leading Republicans of the county, died at his home, 32 1/2 Broadway, at 12:05 a. m. Saturday. Mr. Ramsey was taken ill Thursday, when hemorrhages set in after a severe sneeze. He had been injured about 30 years ago and the hemorrhages came in the region of this injury.

He was born in Philadelphia, Pa., April 15, 1846, the son of William and Matilda Ramsey. With his parents he came to Steubenville when he was young, and he learned the trade of stove moulder there. In 1866 he married Annie Barr of Steubenville, and they came to Salem in 1880. Mr. Ramsey became a moulder at the Boyle & Carey stove works, where he sustained the injury that caused his retirement from his trade. He then started a popcorn stand on Broadway near Main st., which he ran all the years up to his death, and he became known to thousands who daily passed this stand.

Trustee For 30 Years
Always a staunch Republican, he ran for township trustee 30 years ago and held that position until his death. Through his connection with the township board he became widely known throughout the county, personally as well as politically. Last November he and Mrs. Ramsey celebrated their 50th wedding anniversary and had made plans for this year's celebration which was to come.

Mr. Ramsey was a member of the Methodist church, No. 6 lodge, I. O. O. F., Steubenville, Pa., and Lyman Priest of Columbus. Mrs. George Robinson of Columbus.

Surviving are his widow, one son, one granddaughter and three great grandchildren; and two sisters, Mrs. I. O. P. Steubenville, Pa., and Lyman Priest of Columbus. Mrs. George Robinson of Columbus. Funeral service will be private at the home at 2 p. m. Monday, in charge of Rev. E. S. Collier of the Methodist church and Rev. C. L. Smith of Salem, former Methodist pastor here.

Friends may view the body any time up to noon Monday.

Original Film Vamp Is Bride.

Louise Glaum, often referred to as the "original movie vamp," has just become the bride of Zachary M. Harris, Kansas City moving picture theater man. This is her second adventure into matrimony. Her first husband, from whom she was divorced in 1919, was Harry J. Edwards, moving picture director.

DRIVE STARTED TO STOP WATER LEAKS

Rhinehart to Shut Off Water Where Leaks
Are Discovered; Estimates Waste is Equal
to the Flow of One Well.

Service Director F. A. Rhinehart Saturday opened a campaign to stop waste of city water.

In an order to employees of his department, he stated that any home where water leaks are found will be denied water service immediately, and customers will then have to repair the leak and pay \$1 to have the water turned back on.

Inspectors of the department will cover the entire city, he said, but they will give no warning of what homes they will visit each day. Pipes around the meters and at other points will be inspected for leaks.

The director declares he has definitely established that certain customers have broken, and are still doing it for that matter, service pipes leading to the meter so that water can be obtained without its being registered by the meter. Shutoffs have been fixed so that they will leak and other connections have been tapped.

The practice has become a wholesale one, and the department has been unable to cope with the situation without using drastic means, as customers do not seem to want to cooperate in saving waste of water, the director says.

"There will be no fooling now; leaks must be repaired at once, for if my men find a water leak in a home, office, shop or wherever it may be, water will be shut off at once, and there will be a charge of \$1 to have service renewed," Rhinehart announced.

The director estimates that the waste of water in Salem at the present time is equal to the flow of one well. By stopping all leaks, he hopes to be able to shut off one of the wells, cutting expenses and saving the supply.

Sealing of meters is now in progress, as announced recently. Meters must not be tampered with, nor the seals broken, without notifying the water department. Violators are liable to a fine in city court.

FIRE DESTROYS SHOE FACTORY, COURT BUILDING

East Brookfield, Mass., Jan. 23.—Firemen and citizens saved this town from destruction by fire today.

The plant of the Oliver and Joseph Default company, shoe manufacturers, the district court house building, a store house and a private garage were destroyed by flames, which started in the Default company plant.

Carried by a high wind, sparks fell everywhere and it was only the vigilance of firemen and volunteers that saved the town.

A petition asking that the new proposed air mail route from Pittsburgh to Cleveland be routed via Beaver Falls, East Palestine, Columbiana, Leetonia, Salem, Alliance and Canton has been filed with Postmaster General New by Attorney L. M. Kyes of East Palestine.

Chambers of Commerce and other civic bodies along the proposed route are supporting the movement.

Three Of Fourteen Injured In Morning Fire May Not Live

Raker, California
Congressman, Dead

Washington, Jan. 23.—Rep. John E. Raker, Democrat who for 15 years had represented the second district of California in congress, was dead today following an operation for stomach trouble.

Raker was 62 years old, and was a native of Illinois. He was born in Knoxville, Ill., and went to California as a young man. A widow survives.

MERCIER, FAMOUS BELGIAN PRELATE, DIES IN BRUSSELS

Cardinal Who Defied Ger-
man Armies, Courageous
in Death Struggle.

Brussels, Jan. 23.—Cardinal Mercier, courageous in his struggle against death as he was in his defiance of the Germans when they invaded Belgium, died today.

The famous prelate, who was in his 75th year, succumbed to the effects of an operation performed more than a fortnight ago for stomach trouble. He had made a valiant fight for life, but his strength failed him and he died without fulfillment of his last wish, that he might be taken to Malines, the seat of his archbishopric.

The cardinal died at 3:02 this afternoon, after a night of death agony. "There is nothing more to wait for now, except the expression of the Divine wish," the reverend prelate said to those at his bedside, making the sign of the cross, and lapsing into a coma early today. These are believed to have been his last words.

Church bells throughout Brussels tolled the news of the death of the beloved cardinal, who is more than a churchman, for he has become a national hero through his courageous stand for Belgium and the Belgians, when the German armies invaded that small country.

Thronging Weep
Thronging gathered in the streets before the hospital and knelt in prayer, tears streaming down their cheeks.

Cardinal Mercier will be mourned the world over, for he was more than a cardinal of the church, more than a Belgian hero, more than a great scholar—he was an international figure, a man who defied the grey hordes of Germany when they were sweeping over Europe and spreading world conflagration. This frail and aged prelate stood in staunch defiance of the German emperor's army. He re-

Zero Mark Reached in
Ohio Last Night; Cap-
ital Shivers.

Cleveland, Jan. 23.—While the promised cold weather failed to reach the point predicted by the weather bureau, the cold snapped many wires of the Ohio Bell Telephone company, greatly hampering communication.

A total of 95 long distance circuits were out of commission today. Of these 23 were in the eastern division, 52 in the northern division, 29 in the western and two in the northern.

The average temperatures in the various telephone divisions were from zero to 15 above, the company said. The lowest temperatures were reported in the southern part of the state.

Washington, Jan. 23.—The capital shivers today in near zero weather. The first days of the week were almost Miami-like, but icy weather rode in on the crest of Friday's storm and the thermometers went to the lowest point this season.

FRANCE READY TO RESUME FUNDING

Washington, Jan. 23.—France formally notified the United States today that she is prepared to resume negotiations for the funding of the \$4,000,000,000 war debt.

The notice was conveyed to Secretary of the Treasury Mellon by the new ambassador, Henri Berenger. He informed Secretary Mellon that he "is prepared to resume discussions" of the debt at the convenience of the American debt commission.

A more rigid inspection service in an attempt to exclude contagious diseases among cattle was provided for in the \$25,000 item for inspection and quarantine, which is an increase of \$20,000 over last year.

MARRIED LIFE A DREAM

When Elin Mackay Berlin reached London the other day with her brand new husband an impertinent reporter asked her for an opinion on married life. This charming newly-wed stood for a moment looking affectionately into the face of her brand new husband and then replied: "Married life is a dream."

It must be remembered that Mrs. Berlin passed this enormous matrimony after only a fortnight of experience and most of that time was spent on a palatial Atlantic steamer. Her home was the \$5000 royal suite and her dainty dinners were prepared, pots and pans scented and floors swept by pressing an electric button. In addition to the comforts and delights of the royal suite she enjoyed the constant company of her artist husband who no doubt helped her while away the hours by singing and playing the finest of his own musical compositions. Under these conditions almost anyone would pronounce married life a dream.

It is to be noted also that Mrs. Berlin said that marriage is a dream and not a nightmare. There is a great difference. In dreams everything turns out well. The flowers bloom, the sun shines, the birds sing, the car never runs out of gas and we always have plenty of money in the bank when the grocery and light bills come in. In a nightmare it is different. We find ourselves at a formal dinner without a tie or collar; when turning to the hostess to speak a gracious word our soup slips into our lap and when the house gets on fire at night we are sure that we cannot rescue the children before the roof falls in.

Many people of more experience, might say that marriage is a nightmare but the charming Mrs. Berlin is sure that it is a perfect dream. Everyone hopes that ten years from now the wife of the jazz king will be as optimistic over matrimony as she is now. Her rich father will probably forgive and rewrite her name in his last will and testament and unless all signs fall there will be a good market for jazz so she ought to be spared the drudgery of washing, scrubbing floors and baking bread. This is look bright for this new wife and everyone hopes that married life will always be a perfect dream for her.

LANGLEY'S SUCCESSOR

Nine times the voters of the Tenth Congressional District in Kentucky elected John W. Langley to represent them in the national congress. The last election was given to him after he had been convicted of conspiracy to violate the federal laws and was under sentence to prison. His appeal to the higher courts brought no relief and he is now an inmate of the federal prison at Atlanta.

Before leaving his home district he issued an appeal to the voters to elect Mrs. Langley to fill the vacancy caused by his resignation. Langley had been wonderfully popular with the people he represented and it is possible his appeal will have much weight, might result in her election. Mrs. Langley is a handsome Kentucky woman against whom there is no charge to be made. She displayed courage in standing by her husband in all the trouble he made for him. She was courageous and fine in her behavior. Men and women will applaud the spirit she displayed as she took the bitter cup fate pressed to her lips and uttered no word of complaint.

The appeal of Langley to his home people may be strong but to those away from the district it has no power. Considered broadly, there is not the slightest reason why the voters of the Tenth District should pay any attention to the suggestion of the man who brought shame and scandal to that district. If death had claimed him, when there was no charge against him and he had remembered the good name of the state and people in his conduct, he might have left an appeal to which many people would have made glad response. But he was false to the district, he brought it shame, when he could have brought it honor, he brought scandal when he was elected.

to give him service. He did not respect the confidence of his neighbors and friends and his advice should go unheeded now. The district made a sad blunder when it gave him the last term and he knew as he asked that election he would not dare take his seat. He left the district unrepresented. It is time the voters there do some clear thinking and choose a congressman who knows how to stay out of trouble.

Pay Record Price for Fifth Avenue "Flat"

New York, Jan. 23.—A \$3,000,000 Fifth ave. apartment project was announced today following the purchase of the C. Ledyard Blair residence by Anthony Campagna, a builder.

The price paid for the Blair property was said to be \$1,250,000. This is a record price for land for apartment improvement. It amounts to approximately 170 a square foot.

The proposed apartment house is to be 15 stories high and will contain the world's most expensive suites. The low 4-expensive apartment will comprise ten rooms, and duplex and triplex suites will consist of 15 to 20 rooms.

It will cost from \$200,000 to \$500,000 to buy an apartment in the building. The structure will be erected next summer.

Q. If a recipe calls for chocolate, how much cocoa should be substituted? M. M.

A. The Bureau of Home Economics says that one-half cup of cocoa plus one-half tablespoon of shortening is equal to one ounce or one square of chocolate.

Q. Was the president's father a colonel in the United States army? E. R. F.

A. Col. Coolidge did not receive his title as a result of active service in the United States army. It is an honorary title and was bestowed upon him for all services on the staff of a governor of Vermont.

Q. How long did it take the army engineers to construct a pontoon bridge across the Rhine during the contest they held? A. T.

A. The pontoon bridge constructed by the first engineers of the Army of Occupation across the Rhine in Germany was constructed in 31 minutes, 3 seconds, on June 8, 1915. The bridge was constructed at Hünningen, Germany. The river there is 140 feet wide. The depth of the channel is approximately 25 feet, the strength of the current is about four miles per hour. There were 93 boats and three barges used in the bridge and 400 engineer soldiers were used in its construction. The best time made by the second engineers in the construction of a pontoon bridge at the same point under similar conditions was 58 minutes, 30 seconds.

Q. What new star has been seen within the year? L. M.

A. The Naval Observatory says the most remarkable nova or new star of the year is Nova Pictoris, which reached first magnitude last June, having increased its light about 40,000 times. It is called new stars are really old stars, which unexpectedly and for unknown reasons increase their brightness some hundreds of thousands of times.

Q. Are non-poisonous snakes of any benefit to mankind? M. S. N.

A. Most common snakes are beneficial in their food habits and should be protected. Wherever snakes are present in abnormally large numbers there must be an abundance of poisonous food in the vicinity to attract them. This food consists largely of insects, rodents and insects, pests of gardens, crops and stored food stuffs. Snakes eat such small creatures as earthworms, spiders, frogs, mice, rats, chipmunks and grasshoppers, salamanders, small young rabbits. King snakes are able to kill rattlesnakes and have been known to eat them. The little red-bellied snake subsists to a large extent on slugs, which are very destructive to gardeners. But snakes, and other snakes destroy large numbers of injurious rodents in the course of year. The food habits of very few snakes conflict with man's interests.

Q. How is a carat divided into points? J. E. F.

A. All precious stones are weighed by what is known as the metric carat of two hundred milligrams. The carat is divided into a hundred parts, one part equalling two milligrams, thus instead of writing a carat and one quarter, it is expressed 1.25 and instead of one carat and one half, it is expressed by 1.50.

Q. Are fabrics of one color more likely to fade than those of other colors? F. B.

A. It is a common fallacy that green, lavender, or some other color is less fast than blue or pink. Fastness depends on the chemical composition of the dye used, not on the color. Dye stuffs are grouped into various classes according to their composition and the dyes in some classes are more fast than those in others. A dye that is one of the poorest of its class may have been used on one of the fabrics, while one of the best, green, lavender, or any one color is just as fast as another if similar dyes are used.

William Hanch'llwood, this city, has received a letter from David Redhead, of Kettering, England, formerly of Salem, who states that he is engaged in the candy business there. Some 10 or 12 years ago Mr. Redhead conducted a boot and shoe shop on Main st.

Friends of President Roosevelt are again urging him to become a candidate for a third term.

Mrs. L. E. Rice of South Lundy st., entertained a company of friends last evening at a 6 o'clock dinner in honor of Miss Ida Adams, who is to wed H. A. Kibbe, of Dayton.

Linton-Reorder Charles A. White received word Monday afternoon of the death of his sister-in-law, Mrs. T. A. White, wife of Mayor White, of London.

President Roosevelt today recommended that Henry D. Weaver be appointed to the position of postmaster at Linton. He also recommended the appointment of Reuben Hull as postmaster at Salineville.

Linton is to have a board of trade. The business of the organization will be to advance the industrial interests of the village.

Att'y A. W. Taylor went to Girard today to attend a meeting of the directors of the Eastern Ohio Oil and Gas company, he being one of the directors.

Miss Martha Miller, 24, died this morning at her home, Lincoln ave. after a short illness. She was a daughter of Mr. Mary Miller.

Sunday evening a daughter was born to Mr. and Mrs. J. G. Woodruff of North Union st.

Salem Man Speaker At Millport Meeting

An all day meeting of the Franklin Township Farm Bureau opened at Millport at 10:30 a. m. Saturday and the afternoon session began at 1:30 o'clock. Dinner was served at the noon hour.

The speakers during the day were County Agent Floyd Leaver, County Service Manager Phil E. Heim, J. C. Pottoff of Salem and Dallas F. Hahn, purchasing agent of Home-land, who discussed the activities of the Franklin township bureau for the year were discussed and the program proposed by the County Farm Bureau was also talked over.

Considering the condition of the country roads, the meeting was well attended, but more were at the afternoon session than during the morning hour.

Daily Fashion Note

The effectiveness of a printed silk is always increased by the addition of panels, especially when they are so daintily shirred as the one featured on this model. The neck is finished with a standing collar, while the long close-fitting sleeves are trimmed with buttons. If preferred, the panels may be omitted and a circular flounce used in front. Medium size requires 4 1/2 yards 36-inch material.

Pictorial Review Printed Pattern No. 2882. Sizes, 14 to 18 years and 24 to 44 inches bust. Price, 45 cents.

POWERS OVERLOOK PHILADELPHIA EXPO

Few Leading Nations Have Accepted Invitations to Centennial.

Washington, Jan. 23.—The great powers of the world have decided to turn a cold shoulder to Philadelphia's sesquicentennial this summer, it was disclosed today as an official list of the nations which have accepted and those which have declined invitations to attend, was made public at the state department.

President Coolidge issued invitations last summer to more than 50 nations to participate in America's 150th birthday party celebrating the signing of the Declaration of Independence.

Today the state department announced that only nine nations had finally accepted. Japan, Spain, Argentina and Hungary are the larger powers which have promised to come. Great Britain, Brazil, the Netherlands, Poland and Mexico head the list of nations which have refused. France, Italy, Germany and Canada have not even replied to the invitations and it was reported in reliable quarters to day that these, with other smaller nations, not yet heard from, would either decline in the near future or eat any prospective participation to the bone.

One reason held up here for the apparent lack of support abroad for the fair is the decision, arrived at this week over protests, to open the fair in June of this year. Several nations are known to feel that the time is too short to make practicable participation. Other countries are staying away for financial reasons, it was said.

The complete list of acceptances as reported by the state department follows: Haiti, Panama, Nicaragua, Liberia, Japan, Hungary, Rumania, the Serbs, Croats, and Slovenes, Spain and the Argentine republic.

Pro Grid League to Hold Annual Session

Columbus, Jan. 23.—The annual meeting of the National Professional Football League will be held in Detroit on February 6 and 7 according to announcement issued here today by Joe Carr, president of the league.

Aside from awarding the pennant for 1925, the league will consider the applications of five cities for franchises. Officers will be elected.

President Carr said a number of changes in the rules affecting college players were contemplated, but hesitated to enter premature discussion of their nature.

If elected Mrs. Langley will be the fourth woman member of the house. Two of the three present ones succeeded their husbands.

SOCIETY

Two Parties For Bride-Ellect

Numbered among the many delightful social functions given for Miss Ethel Kilbreath of Jennings ave. in honor of her marriage next week to Leon H. Colley of Jonesboro, Tenn., was the dinner party given Thursday evening at the Quaker Tea House, McKinley ave., with Misses Helen and Elsie Fernengel and Mrs. Morris Ellsworth associate hostesses. Bouquets of sweet peas centered the tables and covers were arranged for 12 guests.

The after-dinner hours were devoted to playing bridge, and upon adding the scores at the conclusion of the games it was learned that Mrs. Ray Mellinger won the high score prize. Miss Isabelle Miller received the consolation honors.

An interesting feature following the bridge games was the shower for Miss Kilbreath at which time the guests presented her with gifts of china.

Among the guests were those from out of town: Mrs. Ray Mellinger of Akron; Mrs. John Ryan, Jr., of Columbus; Miss Susie Taylor of Ontario, Canada; Miss Jane Gullford of Winona and Miss Gertrude Knaut of Chfield.

Miss Kilbreath was the honor guest at an evening bridge party at which Mrs. Oliver Johnson was hostess Friday at her home in Alliance. Miss Elsie Fernengel received the trophy for high score in the games while the consolation honors went to Miss Susie Taylor. A feature of this affair was the shower of miscellaneous gifts given the bride-elect.

The guests from this city were Misses Thelma Kilbreath, Helen and Elsie Fernengel, and Susie Taylor of Canada, who is visiting at the Kilbreath home.

Entertain at Dinner

Mr. and Mrs. Charles Betts of Lincoln ave. entertained the members of the Fleur de Lis club and their husbands at a 6 o'clock dinner Friday evening in their home. The pretty table appointments and home decorations were carried out in valentine effect.

"Five hundred" interested the guests following the dinner, and high score in the games was made by Mr. and Mrs. John Moore. Consolation honors went to Mrs. Henry Meador and Wilford Morris.

Included in the guest list were those of town were Mr. and Mrs. Lawrence Strawn of Damascus and Mrs. Mary Bloom of Youngstown.

Sunshine Society

For an all day meeting members of the Sunshine society met Thursday with Mrs. Evelyn Saxon, North Georgetown. A dinner was enjoyed at noon and the time was spent informally with needlework. Visits were entertained.

On Feb. 18 the members will meet with Mrs. Torrance Saxon, North Georgetown rd.

Mrs. Mary Hupch left Friday evening for Sebring, Fla., where she will make her home with her daughter, Mrs. E. W. Harschman and brother. She was accompanied as far as Alliance by Mrs. Phillis Wack of Warren and Mrs. George Pitter. Mrs. Mike Bonfort and son Carl and Mrs. John Pauline of this city.

Mrs. Paul E. Barchhoff of Broadway left Thursday for Tampa, Florida, to spend several weeks with her daughter and husband, Mr. and Mrs. Arthur Mullins and family.

Mrs. George Shupe and daughter, Lillian, are spending the week-end in Cleveland with the former's son, John H. Shupe and family.

Host at Dinner

Dr. H. K. Yagel, of Lincoln ave., host at one of the most elaborate social functions of the week Friday evening when he entertained 95 guests at a dinner at his home. Some of them came from Columbiana, Lebanon, Alliance, Canton, East Liverpool and Philadelphia.

The affair was the annual stag dinner given by the doctor in celebration of his birthday anniversary. Flowers decorated the home beautifully and yellow and white tones predominated. Jonquils were used on the tables, and a basket of spring flowers graced the table in the main dining room.

A group of students from the S. A. E. fraternity, Mt. Union college, including Mr. Chandler, monologist, and Jacob Hines, soloist, delightfully entertained the company with specialties, which afforded plenty of merriment. Rev. H. L. Miller gave an interesting talk.

Eastern Star Party

Salem chapter No. 334, Order of the Eastern Stars, held a delightful party Friday evening at the Masonic temple, which was enjoyed by the members, their husbands and invited friends. A delicious covered dish supper was a feature.

The enjoyable program of entertainment was composed of a playlet entitled, "Indispensable Evening Dress" presented by Mrs. W. U. Miller, Mrs. Morris Ellsworth, Mrs. George Volaw, Mrs. E. S. Vincent and Mrs. Elsie Fernengel; readings by Mrs. Stanton Heck; trombone solo by H. H. Wilkinson, accompanied by Mrs. A. W. Stoner; cards and contests.

Mrs. Earl Day won the "advertising" guessing contest, while Mrs. Holmes Almon took honors in the ball dog contest. Miss Mame McCarty's team claimed the honors in a field day contest.

At Haldi Home

Mrs. C. R. Haldi presided at an enjoyable meeting of her club associates Friday afternoon at her home, Franklin ave., at which bridge was the chief pastime. Honors in the games were shared by Mrs. Frederick Tomlinson and Mrs. Omar Rinehart. A lunch was served by Mrs. Haldi as a concluding pleasure. In two weeks the members will be guests of Mrs. H. P. Braman, McKinley ave.

Miss Elvina Stanley, of Indiana, a student at the Friends Boarding school, Barnesville, is spending the winter vacation with Miss Beulah Oliphant, of Winona, also a student there.

Mrs. Jesse Whitton, who has been seriously ill at her home in the vicinity of Winona, is reported to be much improved.

Alice Newlin, of Plainfield, Ind., is visiting in Salem and Winona.

PROFESSOR SPEAKS TO SCIENCE CLUB

Hi-Y Club Also Hears Two Speakers; Plans Come Clean Campaign.

Prof. Glen Morris, brought here by the Science club, recently organized in the Salem High school, to advance the study of science, gave an hour's entertainment at the High school assembly Friday afternoon.

It was composed of a series of experiments concerning light, radio and electricity, and was most interesting as well as educational and proved very popular with the students.

The Hi-Y expects to put on a Come Clean campaign in the near future.

At a meeting of the organization Thursday afternoon Dr. P. H. Gordon, pastor of the Presbyterian church, gave a talk on "Practical Application of the Bible" and R. C. Gibbs, superintendent of the M. E. Sunday school, talked on "Choosing a profession." Both talks were appreciated.

This organization is affiliated with the Y. M. C. A. and has 190 clubs in Ohio. Its principles are founded on these four C's: Clean Speech, Clean Athletics, Clean Scholarship and Clean Living.

The local club, which was organized last year, sponsored by Coach Wilbur Springer, has 16 members. It is open to any junior or senior, who measures up to the four fold standard in his physical, intellectual, educational and spiritual life.

The officers are: President, Robert Garrison; vice president, Clyde Jenkins; secretary, Rex McViney; treasurer, Harold Shears.

This club has fostered many movements in the High school such as the Freshman-Senior Mixture, putting out souvenirs for football and aiding Principal Simpson in carrying out school plans. Probably the big success of the club was assisting the Rotary club in the Father and Son banquet.

The chess basketball series started off this week. On Friday afternoon the seniors defeated the sophomores 8 to 1 and Thursday afternoon the seniors won a 14-12 victory from the juniors. The seniors are now in the lead for the pennant.

PRISONERS SNEER AT DURKIN AS HE SITS IN HIS CELL

Hero Pose of Chicago Slayer
Crushed by Stone Walls
And Friends' Jeers.

Chicago, Jan. 23.—Martin J. Durkin was faced with reality today.

Shut out by the bars and concrete walls of the cells of "murderer's row" in the Cook county jail is the hero worship of hysteria-crazed women.

The "hero pose" is crushed by the sneers and disdain of the slayers awaiting the noose, who turned their thumbs down to the man who deserted faithful Betty Werner for the smile and allure of Irma Sullivan because "he was lonely."

But worst of all to the man who was "brave" behind his guns but cowered before a twist on the arm without them was the fact that famous counsel on whom he depended to have his neck from the rope have turned aside until some assurance can be given that there is money for his defense.

Faces Gray Charge First

Because of this, Durkin, ordinary auto thief and confessed police killer is not stepping along a path of roses today toward the scene he pictured of an admiring courtroom filled with women listening to an impassioned plea from a famous attorney. Instead, he sits alone in a cell, ignored by his fellow-prisoners while his family tries to raise a defense fund so that he may have eminent counsel when he faces arraignment on Jan. 29 on the charge of having shot to death Policeman Harry Gray.

For Durkin, who has scattered ill-gotten gains along a hectic path of dissolute life, illicit liquor and stolen automobiles is "broken" today, finding as he has in the past of his troubles, on the love of his mother and his desire to eat him out, find the money for his defense and save him from the rope.

Indications are that the confessed killer will go to trial first on the charge of killing Gray, who was slain when a police man set for Durkin killed. Arraignment on the charge of killing a federal government agent, Edward J. Chanshan, for which the federal government sought Durkin the length and breadth of the land, has been set for Feb. 8.

Hold Bridegroom

Columbus, Jan. 23.—John A. McLeod, 23, bridegroom of a week, was held here today in connection with the killing of Roscoe Bowers, 29, shot to death in his own home while no one except McLeod was present, according to police records.

Find Alaskan Summer Heat Hard to Endure

During the summer heat of the temperate zone the Arctic regions look like a haven of rest and comfort from this distance, and it is hard to visualize the conditions which explorers describe.

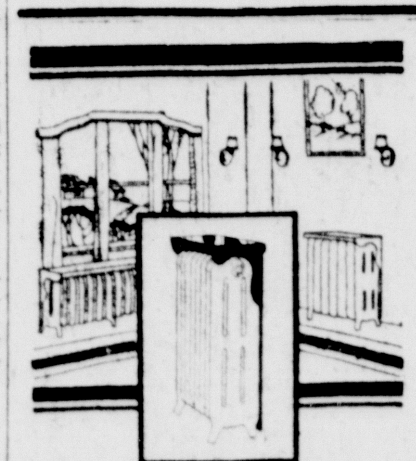

Summer is very short in the Far North, but it is fiercer in proportion to its limited time. Under a sun shining from twenty to twenty-four hours a day, everything that grows and breeds comes to life with a rush. The land bursts in a very riot of flowers and the earth that in a few weeks now will be ice and snow-bound is carpeted with delicate color. Seventy degrees is cool for parts of the sub-arctic country.

There are inland valleys in Alaska where the mercury rises to 100 degrees in summer and men and animals will under the heat. There are places in the Far North of Canada in summer where the mosquitoes are so bad that neither man nor beast can face them, but must flee for their lives.

WEARS DEATH SUIT TWICE, BUT LIVES

Gov. Smith Saves Convicted
Slayer Second Time in
24 Hours.

Ossining, N. Y., Jan. 23.—Amprose Ross, who twice in 24 hours has worn the Sing Sing death suit, twice eaten his "last meal" and bade hysterical relatives incoherent farewell, is alive today.

Three hours before he was to follow a prison chaplain through the doom door into the room where murderers say the penalty asked by the law, a telephone jingled and James L. Long, state superintendent of prisons, heard Governor Smith's voice ordering him to stay execution.

"Put off the execution, I'll communicate with you in the morning," the governor said.

Long hastened at once to the visitor's cage where Ross, a stout, phlegmatic man, was talking to his finance, his sister, and brothers.

Ross, Long said, turned pale as he approached, and rose from the chair in which he was sitting.

"God, I'm awful thankful," he muttered when he heard the governor's message.

The last formal legal hope for Ross failed yesterday when the justices of the Brooklyn appellate division unanimously vacated a stay of execution granted by Justice Cochran in Hudson on Thursday, on the ground that the facts did not warrant intervention.

Ross was convicted for the murder of Ernest L. Whitman, a bond salesman in connection with the robbery of a bank at Bellmore, N. Y.

BRINGING UP FATHER

BY GEORGE McMANUS

Charge Man Tried To Sell His Niece

Mineola, L. I. Jan. 23. — Charged with having offered to sell his eight-year-old niece, Anna, for ten dollars, Michael Nedoshytha was held without bail today for action of the grand jury.

The complaint was made by Stephen Dalkum, a relative, who said he heard the wife of Thomas J. McLaughlin former village trustee of Hempstead, offer the niece ten dollars for the girl. Dalkum said he heard Nedoshytha agree. Both Nedoshytha and Mrs. McLaughlin deny the story, however.

The little girl, when questioned, said she became frightened and ran away when she heard the alleged conversation.

N. Y. Democrats' New State Chief

Edwin Corning, above, new chairman of New York state Democratic committee, says he isn't going to let Gov. Al Smith retire to private life after this term, as the governor declares, he wishes to do. Tammany and Republicans are both wondering whether he can do it. Corning is a wealthy Albany manufacturer.

Stark County Agent Speaks to Grangers

"Why Should We Organize?" was the subject of an address delivered by Service Manager M. E. Foltz of the Stark County Farm Bureau at a meeting of the Madison township Farm Bureau which was held in the West Point grange hall.

Mr. Foltz talked on the same subject at a meeting of the Fairfield township Farm Bureau held in the centralized school east of Columbus Thursday evening.

Makes Business of Giving Blood to Save Others

Albert E. Jacobs, above, of Cleveland, N. J., has just given blood for the 108th time in a transfusion operation at a Jewish hospital in Philadelphia. He has been undergoing such operations since he first offered his services while a soldier during the world war, to save a buddy.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up. Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hacking, snuffling, blowing, head ache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh. Ad.

WHAT MEASURES WOMEN VOTERS WILL SUPPORT

Washington, Jan. 23.—Support of measures permitting the United States to participate in international efforts to reduce armaments and promote international harmony, is voiced in the 1926-27 legislative program of the National League of Women Voters announced today. It will be put up for adoption by the annual meeting of the league next April in St. Louis.

Continued support to ratification of the Child Labor Amendment, application of the merit system to the civil service, measures looking to the outlawry of war and codification of international law, are recommended. Opposition is declared "to proposals" which would make amending the constitution of the United States more difficult than at present.

The program continues to stress removal of legal discriminations against women by specific and not "blanket" legislation, protective legislation for women in industry. The equalization of educational opportunity, preventive measures in the field of social hygiene and delinquency, the direct primary, the shorter ballot and other measures "designed to make government at once more efficient and representative."

Cleveland's Auto Show Opens Today

Cleveland, Jan. 23.—With 185 passenger models on display with a price range from \$255 to \$19,000, Cleveland's annual auto show opened its doors at noon today.

There were more six and eight cylinder cars shown than ever before according to Herbert Buckman, manager of the show, the twenty-fifth in Cleveland.

FOES OF COURT

Continued from first page
use of cloture, it was believed, a final vote on the court will be reached by Saturday, January 29, as most of the court's friends will not avail themselves of their "hour in the sun."

Introduction of the cloture petition, signed by 24 Republicans and 24 Democrats—split the Democratic party in the senate wide open, developed several personal clashes and probably opened political wounds which may never be healed. It was denounced by Senator Reed of Missouri as a "troop by which the Democratic party will lunge itself to death."

Ill-feeling continued today as a result of a rebuke given Reed by Senator Robinson of Arkansas, the Democratic leader. Robinson charged Reed was seeking to "pull the Democratic temple down upon himself." Another sore spot existed over a remark passed to Senator Blease by Senator Ashurst, D. of Arizona, who said: "I say to the senator that when Parmetheus was tied to the rock a culture and not an eagle tore out his vitals. It was intended to rebuke Blease for opposing an agreement for a vote on the court."

Dawes Enjoys It
Republican senators rejoiced over the apparent split between Democrats. The greatest enjoyment, however, was derived by Vice President Dawes, who looked upon the row as a justification of his demand for a change in the senate rules. In fact, senators on both sides frequently referred to Dawes' campaign, to all of which the vice president merely smiled.

One of the far-reaching effects of the cloture move, however, was indicated by Reed, when he attacked his colleagues for signing the petition. He warned them against enactment of a new Dyer anti-lynching bill if the cloture was established as a precedent in senate debate. He also hinted that the force bill was defeated only through "freedom of debate" and announced that if adopted in the court fight he would support cloture against all future Democratic filibusters.

Although 48 senators signed the cloture, the world court forces were not definitely assured of a two-thirds vote in favor of cloture.

Salem Boys Win, Girls Lose In Games With Columbiana

BOYS OUTCLASS VISITORS; GIRLS GAME IS CLOSE

Salem and Columbiana High cage teams split a double header in the boys' gym Friday night, the Boys' game being the first, 41 to 34, and the girls' game, 14 to 10, the first defeat of the season, were noted.

In the boys' game, the Columbiana High team led in the first quarter, but a fast and sure passing team and the offense, coupled with the strong defense of the Salem girls, have been up a point this year, inured to a victory Salem could not solve the opposing forward combination, led by Capt. Gleckler, and on the offense the Salem forwards either could not get near the ball or when they did they threw the ball far away.

But two field goals were counted by Salem in the entire game, both being made by Captain Smith. Older and Hassey made the other points on foul shots. It was just a case of continuous missing of shots, poor floor work and slow offense. Had Salem made all attempted shots good the score would easily have been tripled, at least.

Boys' Game One-Sided
Salem led in one period only, the first. At the end of the initial quarter the tally was 4 to 3, but the Red and Black gradually slipped from then on, and at the half Columbiana had a two-point margin, 10 to 8. Both teams played poor ball the third quarter, the score being 12 to 9 at the end of the period. The fact that Salem scored but two points in the entire second half accounted for the defeat.

The boys game was a one-sided affair all the way through. Columbiana learned a lesson in that game. It saw teamwork win over long shots. Towards the end of the game the Red and White picked up a little bit but it was too late to even make a dent in the score. Salem had rolled over. True, Columbiana did have perhaps a dozen hard luck shots at the basket, but then so did Salem for that matter.

Salem took an easy lead, 9 to 2, in the first quarter. The teams tested each other out in this quarter and the "show them no quarter" flag was soon sent up the flagpole by Captain Coffee. In the second quarter the big Red crew whizzed 'em in the basket so fast, one needed an adding machine. The score at the half was 23 to 6.

During the half a Salem gym team, composed of Jim Gregg, Billy Miller, Red Lease, Don Matthews and Henry Vazgi performed for the benefit of the gymnasium. Their work was well received.

It was in the third quarter that a play, generally read about, but seldom seen, was actually staged. Messersmith, Columbiana center, became confused in the change of goals at half and he tossed two fine goals from the side into Salem's basket, giving Salem two extra points that were meant for his own team.

Scrubs See Action
Salem led 29 to 8 at the end of the third quarter and after this resting up, showed that the game was far from over by running up 12 points in the last period, during which the scrubs saw action as well as the first line varsity reserves. Shorty Barr got six points for Columbiana in this period, sending the score for the

Red and White to 14. Not a single point was made by a Columbiana forward in the entire contest.

Jenkins played his first game of the year after his long layoff due to a broken arm received in the Lisbon football game. He was rusty but showed he is rounding into shape fast and will be his old star self soon.

Saturday night Struthers' two teams play Salem here, and Salem will face decidedly stiffer outfits than last night.

THREE GIRLS SEEK DEATH BY POISON

Cincinnati, Jan. 23.—Two young women are in a critical condition today from poison taken in attempts of suicide while a third young woman who sought death by the same route yesterday is out of danger.

Flora Peters, 17 years old, an employee of the Madison branch of the children's home, is in the General hospital in a serious condition. She got possession of a bottle of heart stimulant at the institution and drank the contents. No reason for the deed has been discovered.

Mrs. Catherine Kihler, 25 years old, informed physicians at the General hospital that she had drunk poison while despondent over ill health. Her condition is considered grave.

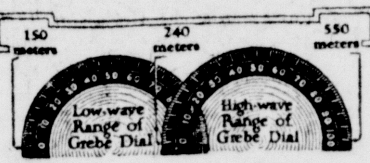

Mrs. Celesta Payne took poison after a domestic tiff, but is out of danger at the General hospital.

The high wave reception range of the Grebe dial (B) from 550 down to 240 meters equals the practical tuning range of the usual receiver. The low wave range of the Grebe dial (A) provides additional reception down to 150 meters.

You Don't Need Two Radio Receivers

OVER 100 existing stations, with worth-while programs, are beyond the reach of the average receiver because it cannot tune below 240 meters.

Thus, to get both high and low wave stations requires two receivers—unless you own a Synchrophase. Due to its Low-Wave Extension Circuits—exclusively Grebe—it will receive all stations from 550 down to 150 meters. One dial covers this complete range.

GOODYEAR RUBBER PRESIDENT DEAD

Akron, Jan. 23.—Funeral arrangements were being made today for George M. Stadelman, 54, president of the Goodyear Tire & Rubber Co., who died unexpectedly last night at his home on Perkins Hill, West Exchange st.

He had been ill about a month but was not thought to be in a serious condition. About a month ago Mr. and Mrs. Stadelman were held up in their bedroom by burglars who made the couple sit up in bed with their arms raised. Close to \$1,000 worth of jewels was stolen. Mr. Stadelman was ill at the time and it is believed the shock brought on an affection of the heart which resulted fatally.

His wife, Gertrude, was with him when the end came. A daughter, Gertrude, is at school in New York and a son, Grant, is a student at Yale. One sister lives in Chicago and another in Milwaukee.

Stadelman was one of the pioneer rubber men of the United States and was first vice president of the Rubber Association of America. He entered business with Morgan and Wright of Chicago in 1894 where he worked his way from clerk to sales manager. In 1901 he joined the Goodyear organization as manager of the Carriage Tire department and five years later was made secretary and general sales manager.

Upon reorganization of the Goodyear he became president.

It overshadows all other pictures here for the coming week. Fox's drama of the building of the first transcontinental railroad is said to be one of the epics of the film world. As the "Covered Wagon" depicts the efforts of the wagon train to reach the coast, "The Iron Horse" shows the struggles that follow up the settlers and the effort to construct a sure method of getting across the continent. George O'Brien and Madge Bellamy head a very long cast which includes several thousand extras. It will be at the State the first four days.

Following this picture Colleen Moore's "The Desert Flower" with Lloyd Hughes, opens a two day run. This is one of Colleen's best type of pictures and tells of a girl of the desert who turns to dance halls for aid in helping her family get along, and there she meets a scion of a great family, temporarily down and out, whom she leads back to the straight and narrow and wins him, to boot.

Back Jones will pay a visit to the Grand in "The Cowboy and the Countess," the first three days of the week. This is an hilarious comedy, in which a group of American cowboys go to Europe and put on wild west shows for the edification of the continental boobies.

"Thunder Mountain," as its name implies, a tale of the mountains is scheduled for the balance of the week at the Grand. This is taken from John Golden's stage hit, "Howdy Folks," and the chief roles are taken by Madge Bellamy, Zasu Pitts, and Alec Francis.

The full bills for the week are listed as follows: STATE Monday, Tuesday, Wednesday Thursday, "The Iron Horse," Madge Bellamy and George O'Brien, Fox superfeature; Fables in colors. Friday and Saturday, "The Desert Flower," Colleen Moore; comedy, "On the Go," and Fables.

Monday, Tuesday, Wednesday, "The Cowboy and the Countess," comedy, "Stop, Look and Wonder." Thursday, Friday and Saturday, "Thunder Mountain," comedy, "Nearby Rich," No. 8 of "Fighting Rangers." TONIGHT STATE—Johnny Hines in "The Live Wire." GRAND—"That Devil Quemado," with Fred Thomson.

MARKED DECREASE IN HIGHWAY COSTS

State Roads Head Reveals a Fifteen Percent Drop in Building Cost.

Columbus, Jan. 22.—Marked decrease in the cost of constructing Ohio highways is revealed by comparison between contracts let during the last four months of 1925 and those awarded during the same period in 1926, State Highway Director Schlessinger announced today.

The comparison Schlessinger stated shows an average reduction of 15 percent for all types of pavement on 78.5 miles of pavement costing \$2,065,860 a saving of about \$300,000 over the prices of the preceding year.

"With labor and material costs substantially the same as the 1925 average the saving is due to the keen competition from contractors and because of economies effected by applying the latest developments in pavement design and specifications," Schlessinger explained.

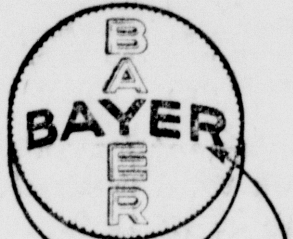

Schlessinger said he had requested

all division engineers to complete as soon as possible plans for new projects in order that contracts may be let and the contractors be permitted to start work as soon as the weather will allow.

LISBON BANK TO HAVE NEW HOME

Peoples State Bank Plans a \$50,000 Building to Be Erected in Spring.

Lisbon, Jan. 23.—At a cost estimated at approximately \$50,000, the Peoples State bank of Lisbon will erect a new bank and office building on the present site the bank now occupies at North Park Way and North Market st. this year. It was announced by W. H. Hepburn, president, following the annual meeting of the stock holders.

Architects have been asked to submit plans. The bank will occupy the ground floor of the new building while the second floor will be divided into ten office suites. A larger building is proposed than now occupies the site.

Construction of the new building will commence in the spring, and it is the intent of the bank to occupy its new quarters perhaps Oct. 1 next.

While the building is going forward the bank will occupy space in the Ackley building, West Park Way and Lincoln Way, this business room now being under lease. This room is expected to be occupied on or about April 1.

At the annual meeting of the stock holders, the following board of directors was elected: President, W. H. Hepburn; vice president, George E. Heller; secretary, N. H. Ramsey; F. C. Binsley, W. S. Bye, Harry V. George, S. D. Longshore, William McLain and W. L. Ogden.

The board has organized by electing these officers: President, W. H. Hepburn; vice president, George E. Heller; secretary, N. H. Ramsey; cashier, C. M. Young; assistant cashiers, Lester C. Ollinger and Miss Nell I. Huebner.

The new bank building will be of brick and steel construction with an entire new set of banking fixtures installed.

PLAN NEW BREAD MAKING COMBINE

Wall Street Hears Ward Is to Reveal Another Big Bread "Merger."

New York, Jan. 23.—Formal announcement of a great bread-making combine was expected very shortly in Wall street today. The combine planned by William B. Ward would be of the vertical type popularly associated with the methods that Henry Ford has used in his industry. Ward would head a large food products company being organized, to embrace all the correlated products that go into the manufacture of bread. Sugar, flour, yeast, salt, milk and other ingredients would be controlled by the new company to the extent of the requirements of the Ward Baking holdings.

Ward figured in a more horizontal consolidation last October when 157 bread bakeries were grouped into the General Baking corporation. This merger is now being investigated by the federal trade commission.

GERMAN AUTHOR FINDS AMERICAN BOY FREE, HAPPY

Berlin, Jan. 23.—"American youth is free, happy, and progressive," says Fritz Zielesch, German publicist in book entitled, "Youth in the Land of Youth."

The book is a vivid description of what the author during a trip to the States saw of the various branches of American Youth Movement. It has been praised as a "bridge between the youth of two worlds only a few days apart, technically speaking, but still apart for years concerning the way of thinking," by Dr. K. O. Bertling, director of Berlin America institute.

Reviewing his experiences with the various American Youth organizations including Scouts, Camp Fire Girls, college boys and girls, etc., the author points out the difference of mind between American and German youth as follows:
"Americans make use of nature as a means of recreation. Nature is no secret for them. They enjoy it without emotion or lust of adventure. German youth form their own individual opinion on life, world, political institutions and economic doctrines. Their individualism develops a mind which is in striking contrast to the notions and opinions of grown up people. This is entirely different with Americans, where everybody wants to be 'just a boy, or just a girl.' America has solved the problem of remaining young throughout life."

In view of the different meaning of "education" in both countries, the author says that young Americans are brought up with the purpose of making out of them good citizens and useful members of human society. This is achieved by a standardization of educational methods which "makes" Americans all alike.

The cloche has returned to take a new lease on life in the winter mode. Exquisite shades, ranging from delicate pinks to royal purples, are found in the rich and vastly becoming velours which form the well beloved small hat.

The cloche is with us again—but with lines that are somewhat new. snugly fitting, to be sure, but with an upstanding brim either in front or in the back to establish its difference from the hat of a season or so ago.

A favorite type of the small hat which possesses a Parisian chic is the cloche of velour which rolls its brim slightly in front and hugs the neckline at the back and wears with an air of dash a quill or two pointing downward on the right side.

Lines on the new hat are frequently found turning abruptly up on one side and smartly down at the other, with a fan shaped feather decoration at the down-turned side.

The soft felt, too, is seen in lines new and old. The snug outline remains the same, with a new note in odd cut-out treatments of the brim.

The down-turned, mushroom type of hat is seen in lovely velours and felts and also finds feathers, quills

mode and is smartly worn in the evening.

Colors that are new are found in the velvet shades for daytime and evening. The brilliant shades are frequently smartly combined with gilt trimmings. The gilt edged quill or soft feather fancy is a new note in hat decorations.

with coronet-shaped headresses. At one wedding there was a trail of orange blossoms on the bride's train and her wreath was of myrtle. Russian headresses of wired lace with clusters of orange blossoms over the ears are popular as well as simple bandeaux of silver ribbon. With a Renaissance gown in cream lace one bride wore a gold bandeau and carried yellow and white roses.

COURT NEWS

First To Install

"We were the first township in the county to install the new system of bookkeeping as required by Senate bill No. 94," declared Township Clerk Howard C. Sinclair of Hanover township, when he was in conference with state examiners at Lisbon Friday.

"The only item missing is the new cash book, and inasmuch as County Auditor Charles E. Hamilton has not received these books from the bindery, we are all set in other respects."

The system is also installed by the Hanover township board of education, the school board being the first township also to put the new system in effect.

All township trustees and clerks were before the examiners at Lisbon Friday, when the new system was explained in detail, and those township clerks who have not ordered supplies were advised to immediately do so.

Judge Moore Ill

Judge James G. Moore is again confined to his home on East Washington st., Lisbon, because of illness. He has not been able to be in court this week, and it has not been determined whether or not his condition will permit him to sit on bench next week. Those cases assigned to the court of Judge Moore will be looked after by Judge E. R. Eastman, in the event of continued indisposition of Judge Moore.

Seeks Divorce

Joseph Chirchillo left East Liverpool for Stone-on-Trent, England and Sarah Walters last November, and his wife, Martha Chirchillo, has not heard of him since, according to a petition for divorce just filed in common pleas court by Mrs. Chirchillo, by her counsel James E. Davis.

The couple were married Jan. 29, 1917 and three children are of issue, a babe three months old and other children two and five years of age. The husband is also charged with gross neglect of duty, abandonment and adultery.

Guardian Appointed

Atty. W. B. Moore of Lisbon, has been appointed guardian ad litem for the suit in the partition case now pending in common pleas court of James R. Jordan against George H. Huston and others. This case was filed July 23, 1925.

Temporary Alimony

Temporary alimony has been set at \$50 by Judge E. R. Eastman in the divorce action filed Dec. 26, last, by Paul Baxter against his wife, Lucille Baxter. The court has also granted leave to the defendant to file her answer and cross petition in this case. The time limit being set at Feb. 6, next.

Demurrer Sustained

The demurrer to the petition has been sustained by Judge Eastman in the \$15,000 alienation damage case filed Nov. 13, last, in common pleas court by Lew W. Vale against George Knight and Eva Knight, but the exceptions have been saved. The court has granted leave to the plaintiff to file an amended petition by Feb. 1.

Judge Is Improved

Judge James G. Moore, who is confined to his home, East Washington st., Lisbon, was somewhat improved Saturday, but he is still in weakened condition. On account of the weather, it is considered very doubtful whether the judge will be able to leave his home next week.

Receiver Named

S. B. McClure has been appointed receiver for the Coll. Preserving Co., of East Palestine, named by Judge E. R. Eastman, following the filing of a petition in common pleas court by Atty. L. M. Kyes against the com-

pany wherein judgment is asked on a one-day judgment note for \$100.

The petition relates that the company is not able to meet its obligations and "that a receiver should be appointed to take charge of and preserve the assets of the defendant."

Judge Eastman set the bond of the receiver at \$5,000, and Mr. Kyes was appointed attorney for the receiver by the court.

Verdict for \$750

A jury in common pleas court returned a verdict for \$750 late Friday afternoon in common pleas court, No. 2, in the case of Hannah Kirkham against the International Pulp Stone Co., of East Liverpool. The case occupied the attention of the court since Monday morning last, when a jury was first selected, and then taken to view the premises, California Hollow, East Liverpool. The original petition sought \$1000 damages and an injunction against the company, which erected a concrete box storm sewer over Carpenter's run in California Hollow opposite its property after obtaining permission from the state.

It was the contention of the plaintiff that the culvert was not of sufficient size to carry off the water in the run, and in seasons back water flooded the property of other residents.

Over 40 witnesses were examined during the week. The case did not go to the jury until shortly before 3 o'clock Friday afternoon and a verdict was returned within an hour after the jury retired.

Appeals Alimony Decree

A petition in error has been filed in the court of appeals in the case of John D. Rehman, plaintiff in error, against Margaret G. Rehman, defendant in error having been granted a divorce from the plaintiff in error by Judge James G. Moore recently and also awarded \$2,500 alimony. She was also restored to her maiden name, that of Margaret G. Wilke when she obtained her decree.

The petition in error which was filed by Atty. W. A. O'Grady of Wellsville makes no contest upon the decree of divorce, the case being founded upon the judgment for alimony as granted by the court below.

There are 10 causes of error related in the opening of the petition in error, one being that the "judgment was excessive."

Mrs. Rehman was granted a divorce on the grounds set up in her petition of extreme cruelty. During the trial of this case it was testified that she put certain of her funds into the bakery business at Wellsville which she and her husband operated. She sought the return of these advances.

Hearing on the petition in error will not be considered by the court of appeals until it convenes in this county in April.
